

# Travel Safe – Student Safety Plan

- Academia International is licensed to deliver tuition from 8am to 10pm.
- Although we are located in a well lit and well accessed location, it is important that students exercise care especially in accessing public transport after hours. If you are attending evening classes,
  - Where possible travel with a friend
  - Do not display expensive electronic equipment such as i-pods, i-phones etc
  - Only walk through well lit areas - tram stops are available immediately outside our institute, are well lit 24/7 and always have a number of passengers waiting to board the tram
  - Walk with confidence and with a steady pace
  - If verbally harassed, ignore, do not respond and keep walking towards an area where there are other people (e.g. tram stop)
  - When leaving the college at a late hour, in the instance where you are concerned of being harassed, return to the college and seek staff assistance
  - Avoid walking through laneways and not well lit areas at night
  - Call the college on (03) 9671 4755 (program this number in your telephone)
  - If unsure, ask a staff member to escort you to the tram stop
- In a case of emergency contact Police by dialing “000”
